

# TECHNICAL FORUM

## AITPM (SA Branch)

### NOTICE OF TECHNICAL FORUM

**DATE:** 14th May 2008

**VENUE:** Seminar Room 2, DTEI, Warwick Street, Walkerville.

**TIME:** 5:30pm for 6:00pm start

#### SPEAKER:

Paul Gelston, Project Director, DTEI

#### ***South Road Upgrade Projects: Anzac Highway and the Glenelg Tram Overpass***

Paul Gelston will provide a presentation on the South Road Upgrade Projects at Anzac Highway and at the Glenelg Tram Overpass.

The Anzac Highway Underpass project is now well underway and the presentation will discuss the challenges and learnings to date.

For the Tram Overpass project, the Department is moving towards a 'design and construct' contract and a planning study has now been completed.

These projects are major steps in the State Government's broader plan to provide free flow traffic on South Road and to deliver significant benefits to the South Australian community.

Paul Gelston has been seconded to the Office of Major Projects and Infrastructure and is the Project Director for these two projects. He has considerable experience in most of the engineering areas within DTEI and also spent a couple of years in Local Government.

*AITPM look forward to seeing you at the forum*
