COAST TO COAST LIGHT RAIL PROJECT
CITY WEST TO ADELAIDE ENTERTAINMENT CENTRE

In June 2008, the State Government announced its 10 year, $2 billion plan to revitalise South Australia’s public transport network. As part of this plan, the Glenelg to City Light Rail corridor is to be extended along North Terrace onto Port Road and up to Adelaide Entertainment Centre by early 2010.

Nick Avery has been working as part of DTEI’s Coast to Coast team since its inception in August 2008 through to the current D&C phase, working within the design team.

The presentation will discuss how the project has evolved from its infancy in the preliminary planning phase through to its current status as a detailed design moving into construction.

AITPM look forward to seeing you at the forum
