Transport Skills Development Seminar

An update for traffic and transport professionals

8:30 am – 4:10 pm
Thursday 20th May 2010
VicRoads Theatrette, 60 Denmark Street, Kew

Traffic Planning and Management are integrated activities involving traffic engineering, land-use planning, social science, economics and environmental issues associated with the safe and efficient movement of people and goods. AITPM is an association of people practising in these fields providing opportunities for information dissemination, networking, discussion and professional development.

The 2010 Victorian Branch Transport Skills Development Workshop is an opportunity for traffic engineers, transport and land use planners representing state and local government, consultants, peak bodies and academia to enhance their technical skills in these important areas.

The program outlined on the next page features a wide range of expert speakers providing overviews, general guidelines and case studies of specific areas of traffic engineering and transport planning.

The seminar costs $90 for AITPM and IPWEA members or $130 for non members. This includes a set of course notes and all meals. Reservations close on Monday 17 May.

For more information or to register for this event, please contact:
Tony Fitts (9881 8821) anthony.fitts@roads.vic.gov.au or Liz McGregor (9861 1167) lmcgregor@pb.com.au

This event contributes towards your Continuing Professional Development (CPD) requirements, as required by many professional associations.

This seminar is held in conjunction with the Institute of Public Works Engineering Australia.

IPWEA is the leading organisation for all people involved in planning and provision of public works and services in Australia.

AITPM Transport Skills Development Seminar
Thursday 20th May 2010, VicRoads Kew

Registration 8:30am

Introduction 9:00am

Tony Fitts, AITPM Victorian Branch President

Planning Guidelines 9:20am

Traffic network planning with SmartRoads
Andrew Wall, Manager, Network Operations, VicRoads

Local government planning issues
Antoniette Michail, Engineering Development Co-ordinator, Wyndham City Council

Morning Tea 10:30am

Specific Road Users 10:45am

Trams Les Kulesza, Project Traffic and Strategy Manager, Yarra Trams

Buses Stephen O’Callaghan, Ventura Bus Lines

Strategic direction for freight planning in Victoria
Mark Curry, Director Freight Network Planning, Department of Transport

Lunch 12:30pm

Transport Data and Traffic Models 1:30pm

Accessing and understanding household travel behaviour with VISTA’07
Stephen Roddis, Transport Analyst, Department of Transport

The principles of microsimulation traffic modelling
David Keenan, Principal, Traffic Engineering and Micro-Simulation, AECOM

Traffic signal control parameters in modelling and practice
Trent Robinson, Team Leader, Traffic Systems East, VicRoads

Afternoon Tea 3:15pm

Intelligent Transport Systems 3:30pm

Developments in ITS Steve Bean, Manager, Transport Systems Operation, VicRoads

Close 4:10pm

Registration Form: AITPM Victorian Branch Transport Skills Development Seminar
Tax Invoice (AITPM Inc. ABN 28 062 495 452)
